## It Was Cold Here — — Zero

### 6-Inch Snow Fall Recorded Here; Mercury Rises

You were right, it was cold in Antioch Tuesday morning.

Officially the mercury on Roy Kufalk's official thermometer read zero at 6 a.m. and again somewhere between 7 and 8 a.m. that day.

And in case you haven't noticed lately, the ground is covered with snow in many places—six inches having fallen during the storm late last week, records showed.

While this wasn't the earliest Antioch has had snow fall, it was quite a bit for an early November date.

SOMEWHERE around September 1946 it is reported that snow fell in this village. And then too the area had about two inches only a few weeks ago, but this didn't accumulate.

Some people with home thermometers told of temperatures as much as 5 below zero Tuesday morning, depending on location.

Village plows went into service last Thursday with plowing duties and sanding so there was little trouble with the streets.

There were some accidents around this area and people living here and nearby were involved in mishaps elsewhere, but no one apparently was seriously injured.

VEHICLES SLIPPED off ice covered roads into the ditch in many places.

Kufalk said while the snowfall measured about 6 inches in last week's storm, moisture content was relatively low. The snow was light and fluffy and easy to remove if shoveled or swept before it packed.

Windy weather during many of the days late last week and early this made the low temperatures seem even more so.

People living along the lakes near Antioch reported ice forming and some of ice skating and sledding were in the wind.

Wednesday morning indications were for warmer weather for a while, at least, with the reading on the First National bank clock at 30 about 10:30. Clouds were in the sky, however.

### New Venue To Be Asked

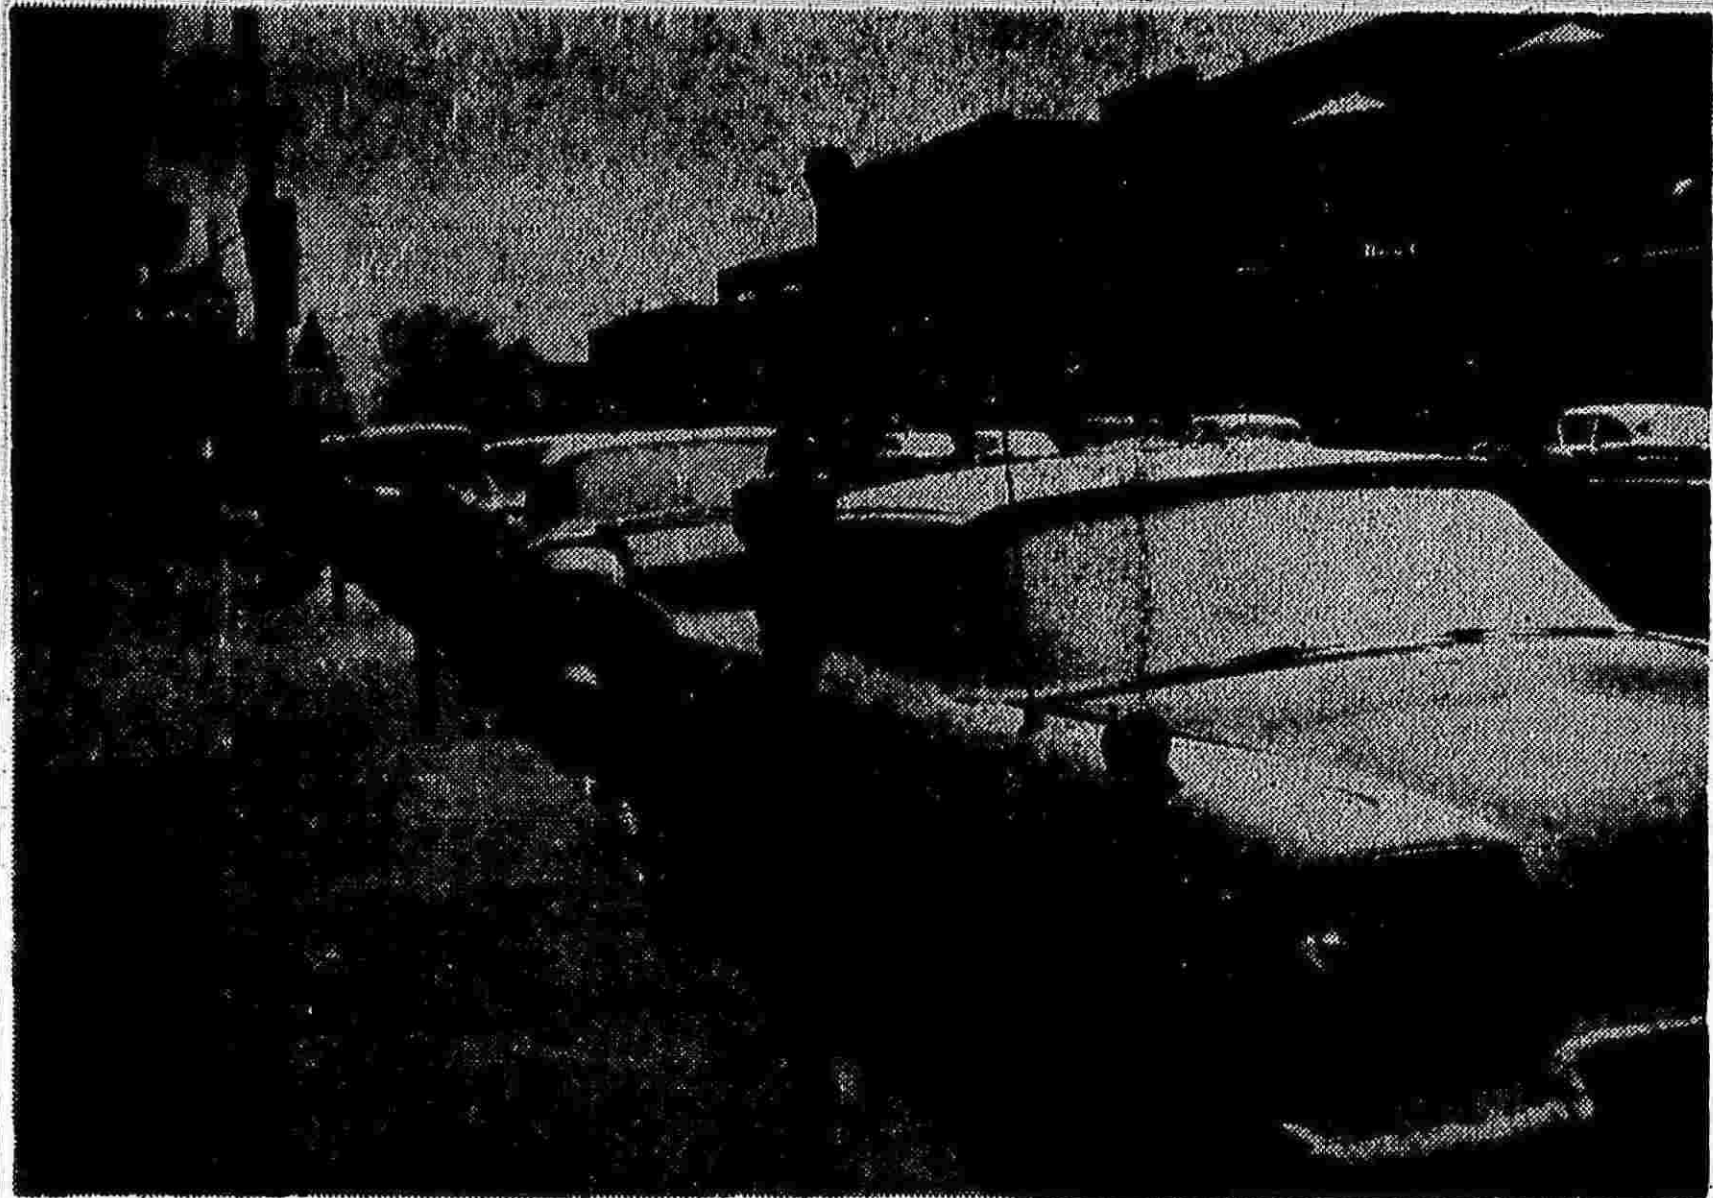

A decision may be made today (Thursday) in Lake county circuit court in Waukegan in the cases of three Antioch village officials charged with failure to suppress gambling.

Judge Mel Abrahamson of DuPage county circuit court, is expected to rule on motions made by attorneys for the three men.

The three officials, mayor Murrill Cunningham, police chief Walter Scott and board member Herman Holbek, have asked for change of venue from Lake county circuit court judges.

Attorneys Robert C. Nelson and James T. O'Connell of Libertyville are representing these three men.

Three other Antioch men, Russell Holtz, James Field and Thomas Griffin, are charged with bookmaking. They also ask a change of venue.

THINGS TO COME? Was the sign of more such things to come to Antioch and vicinity this winter. This is the scene on Main St. late last Thursday afternoon as snow continued to fall after starting about 12:30 p.m. This was early in the storm that deposited 2 to 4 inches of snow on the community, so not more than a skim of the white stuff is visible here. The photograph was taken while the snow was still falling, hence the haze in the background. This week Tuesday morning the temperature dropped to zero officially and below that in some parts of the community. (Antioch News photo)

### French Art Talked At Woman's Session

About 45 members and guests listened to June Lukosh give a discourse on the French art of decoupage and collage (cutting and pasting of inanimate and animate subjects).

Mrs. William Brook, president, led the club in the oath of allegiance and also read the song for the month of November.

Hostess committee for the day included Mesdames Clarence Spiering, Norvin Stoffel, Ben Burke, M. C. Cain, J. E. Dompke, Alma Bobzein, Otto Kasper, Robert Liess, Earl Hays and O. L. Raether.

### Now, Read This —

(From The American Press)

A newspaperman traveling through another state stopped at a restaurant for lunch.

He looked out the window across the street to see a newspaper office.

Next door was the office of a throwaway, the Blankville Advertiser.

He remarked to the proprietor about the two businesses in the same town and asked if competition was keen between them.

"Oh no," answered the local businessman. "There's no competition."

"People give their news to the newspaper and their advertising to the Advertiser. It works out very nicely."

### Antioch Area People Hurt In Accidents

Antioch and vicinity people were injured in a rush of accidents on Lake county roads during and after last week's snow storm.

Richard P. Fisher, 27, of rural Lake Villa had front teeth broken, suffered facial abrasions, bump on his head and a leg injury Friday night when his car hit an ice patch in Waukegan.

The vehicle whirled off the road, grazed one tree and connected with another. A passenger, Wallace Miszkowski, of Waukegan also was injured.

Robin Hall, 4, suffered a cut lip when an auto driven by her mother, Mrs. Lorraine E. Hall of route 4, Antioch, skidded on an icy patch on route 59 near Beach Grove road Friday night.

A LAKE VILLA area intersection was the scene of a 2-car crash last Thursday. Joseph Kupitz, 20, of Round Lake reported a blown tire caused his car to swerve and collide with an auto driven by Thomas Spacek, 40, of Lake Villa.

Edmund Sanberg, 34 of Antioch suffered a broken leg and possibly other injuries Friday morning when his auto skidded on the Tri-State tollway at Buckley road and hit a bridge abutment.

Three Lake Villa residents were hurt, Mrs. Mary Jean Duggan, 32, and her son Danny 6, and daughter Debra 8, on route 21 south of route 132. Their car skidded and overturned.

EDMUND J. Roberts, 27, of route 2, Antioch, was in a vehicle which collided with an auto operated by Mrs. Beverly Roberts, 35, of route 3, Antioch, on route 132 near the Edie road. The Roberts are not related.

Mrs. Roberts, her son, Ricky, 4, and Mrs. Frieda Jones, 62, passengers in the auto, received cuts and bruises.

Dollie M. Halley and her passenger, Lorraine Varing, both of Spring Grove, were treated for injuries when a car driven by Cornelia M. Roberts of Grayslake careened into the path of an auto driven by David J. Dunning, Waukegan.

## Special Federal Census Started in Lindenhurst; 1,300 Population Seen

LINDENHURST—An estimated four days will be required to complete the special Federal census in Lindenhurst job which got underway Tuesday, Nov. 17, according to information released by President Robert Randall.

Seven applicants for jobs as enumerators were interviewed by Milton Heid, special census supervisor from the Chicago regional office, bureau of the census.

He selected five enumerators to ring Village door bells and "count noses." The five people selected took a four-hour training session and the count began immediately thereafter.

This special census is being taken at the request of Village officials in the belief that Lindenhurst now has a population of over 1,300.

The Village stands to receive increased state gasoline tax money from the state as this is distributed on the basis of population. The census is paid for by the Village.

Heid said that questions asked in this special population census are not as comprehensive as those asked during the regular 10 year censuses conducted by the government.

In this census, only street address for each dwelling is recorded, then the names of all persons residing in each dwelling, relationship of each to the head of the household; sex, race and age.

In accordance with Federal law, the information collected by the enumerators is confidential, never seen by any but a sworn census employee. No information pertaining to any one person is divulged although total statistics are published.

Enumerators will probably do some night work, too, Heid said. They are obligated to call back at

all dwellings where they find no one at home during the day.

He said that persons expecting to be absent from their household when the enumerator calls can facilitate completion of the census if they will leave the information in a sealed envelope with a neighbor, from where the enumerator can pick it up.

Each enumerator has been supplied with a letter of identification, this being a department of commerce bureau of the census letterhead.

After the enumeration is completed, considerable time will be spent editing the books in which the names are written.

A tabulation will be made so that a preliminary count of the new population can be given to the village board before Heid's departure.

### Local Church Calls Pastor, Plans Bldg.

The Antioch Evangelical Free church has called Herbert Cottrell to be pastor. Sunday, Nov. 15, was the day he preached his first sermon as pastor of the group.

Pastor Cottrell took his ministerial training at Trinity seminary which is located in Chicago, and is the denominational school of the Evangelical Free church.

Pastor Cottrell and Mrs. Cottrell, and their two sons, Brian and Kevin, will move to Antioch from Chicago about the end of Dec. '59.

The Antioch Evangelical Free Church began having prayer and Bible study in October of '58, in homes of members.

In April of '59 they started church services and Sunday school in the Odd Fellows Hall upstairs of the Gamble Store on the Main Street of Antioch.

Services will be in the Emmons school starting the first Sunday of Dec, 1959. This school is located a mile south of Route 173 on Route 59.

The Antioch Evangelical Free church has purchased property on Tiffany road and will build a church there as soon as possible.

Services include worship service at 11 and evening service at 7 p.m.

Temporarily a midweek service is held at 7:30 p.m. on Wednesday at the home of Mr. and Mrs. George Henriksen, 38 Lake drive, in Felters Subdivision near Lake Catherine, in Antioch.

The public is invited to attend all services.

### Cemetery Plan Hearing Slated Here on Friday

A public hearing on the matters of establishing a cemetery in the Emmons school district and of a water supply plant in the Rosing Subdivision will be held in the Antioch Village hall Friday afternoon.

Mr. and Mrs. Robert H. Bemis of Antioch have announced plans for using an area bounded by highway 59 and the Beach Grove road for a cemetery. It would extend to the Sabrina Manor Subdivision line on one side.

Reports have it that there will be considerable opposition from people living in the Sabrina Manor area.

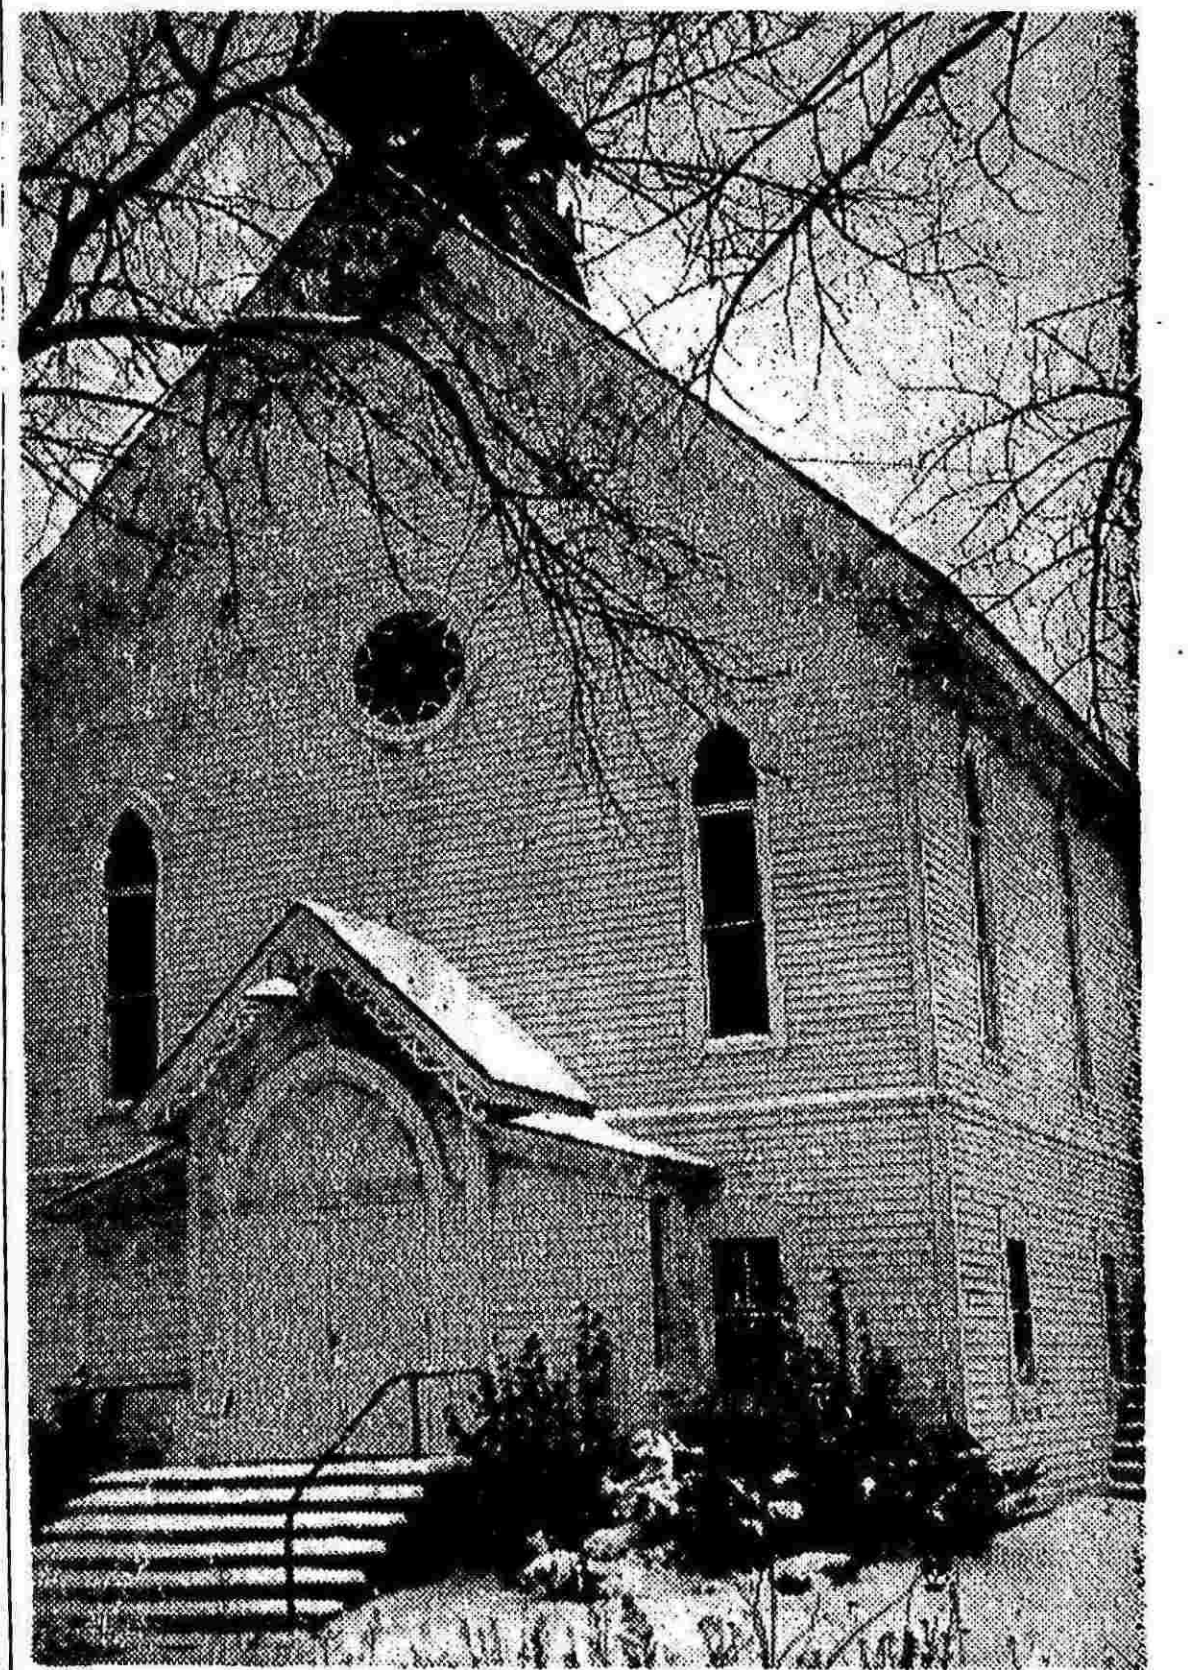

The Lake county zoning board of appeals will hear the pros and cons on this matter at 1:30 p.m. Friday.

Mr. and Mrs. William Rosing proposed to construct a water well, pressure tank and distribution system in the Rosing subdivision lying north of the Beach Grove road. This hearing has been set for 2 p.m.

The cemetery would occupy about 24 acres now used as farmland.

JUNIOR CLASS PLAY cast is shown as it rehearsed recently for its production of "One Foot in Heaven" to be presented this week Friday and Saturday evenings in the Antioch Township high school auditorium. This popular play was a movie several years ago. Shown are, from right, Charles Bruhn as Dr. Romer, Ronny Vejvoda as Georgie, Evelyn Schroeder as Mrs. Digby, Brian Hay as Major Cooper and Barbara Stokes as Molly. Scene of the production is laid in the personage of a minister in an Iowa town about 1910. It consists of three acts and several scenes. (Warren Polley photo)

80TH ANNIVERSARY of the Salem Methodist church will be observed at special services Sunday, Nov. 22, and at a dinner get together the same day. The first service at 10 a.m. will hear a former pastor, Rev. Stanford Strosahl, Appleton district superintendent. The 2:30 p.m. service will hear Rev. Carl Stromberg, minister of the First Methodist church in Madison and also a former pastor of the Salem-Wilmot charge. Dinner will be served at 12:30 in the Salem grade school building. Rev. ## Another Church Anniversary Nears

Two churches in Antioch and vicinity have celebrated or will do so soon, their 80th anniversaries in serving their respective communities. Another church recently dedicated a new building. A fourth announces plans for constructing a building on the outskirts of Antioch.

From an "ancient history" standpoint perhaps the 80th anniversaries of the Antioch Methodist church several weeks ago and that of the Salem Methodist church planned for Sunday, Nov. 22, are not really historical.

But considering the "age" of the communities they serve, the two are among the old timers of their respective areas. Both of them serve a large area, with the Salem church also being associated with one at Wilnot.

Special worship services will mark the anniversary event at the Salem church this coming Sunday. A dinner will be served at noon in the Salem grade school building. New and old members will be in attendance.

It undoubtedly will be a day of reunion for many present and former church members, pastors and leaders. Ideas will be exchanged, a new fellowship formed and old ones renewed.

Not long ago the Holy Name Parish church in Wilnot dedicated a new convent, church and school building on the outskirts of that community, only a stone's throw from an older structure just across the highway.

The new building one-story high is modern in every way and includes all the facilities of a parish except providing a home for the parish priest. A gymnasium has even been added to be used for physical education and to some extent spiritual education as well.

Now comes the news announced this week that the Antioch Evangelical Free church, which has been meeting in the Lodge hall above Gamble's store in Antioch, is planning a new structure on the Tiffany road on the outskirts of this village.

## Rescue Squad

The work of Rescue Squads in this region is outstanding. It is always a wonderful thing to see fellow men and women work together for the welfare of others.

In times of distress it is remarkable to see the reaction in people who are willing to drop their work and help the other fellow.

Rescue Squad work is just that. Helping out when needed. There is no more pitiful sound than the wail of a siren notifying of a fire, or the blast of the whistle announcing that there is an emergency. It may be a wreck, a disaster or an acute sickness of some kind. But no matter what it is, the Rescue Squad is soon on its way to assist in any manner at its disposal.

There are several Rescue Squads in northern Illinois and southern Wisconsin. Among them in this territory are: Twin Lakes Rescue Squad, Trevor Rescue Squad, Antioch Rescue Squad, Lake Villa Rescue Squad and now the newly formed Squad at Silver Lake.

The Silver Lake Rescue Squad is now getting its equipment and the members are preparing for their various functions in this important service. It goes without saying that the citizens of Silver Lake and adjoining communities will co-operate in this public spirited movement.

Dear Editor:

This is an open letter. To the vandals who saw fit to break six windows in our cottage at Cross Lake, Wis.

You can thump yourselves on your chest for a very thorough job. Mr. Novak replaced three and could go no further.

He suffered illness enroute home and died from a heart attack the next morning.

May God have mercy on you. But I pray that every night before you close your wicked eyes, you will see my poor husband giving his life for your meanness.

Each of you can fool mankind but don't forget the Lord knows each and every one of you.

### Retarded Child Aid Fund Drive Starts in Area

Five ladies will be canvassing Antioch and vicinity soon seeking funds during Retarded Children's week that is being observed in Lake county the week of Nov. 15 through 28.

"Read the literature they will leave with you and ask them for further information if you so wish. Your contribution will be well used."

There is no provision in most present school systems for the training of these exceptional children. This task and financial burden has been shouldered by parents of these children banded together as the "Retarded Children's Educational Society of Lake County."

There are about 70 Lake county mentally retarded children enrolled in five classes throughout the county. The nearest to Antioch is in the Fox Lake elementary school where Miss Karolan Olk of Round Lake is the teacher.

## Children's Christmas Party Money OK'd by Fox Lake Hills Association

By Jim Jankowak  
Fox Lake Hills Correspondent  
FOX LAKE HILLS—The Fox Lake Hills Property Owners association held its monthly meeting Monday. There were about 20 persons in attendance besides board members.

At the session, three estimates were given on the cost of heating the beachhouse during the winter months. The prices quoted ran from \$600 to \$800 for the installation of a unit of sufficient size.

The board therefore decided that it would not act upon the subject at hand, but perhaps, members suggested, in the future the problem could be further looked into.

The beachhouse will not be closed during the winter. It already has been boarded up to protect the windows and at least keep it a little warmer.

Ice skaters from the subdivision will thus have a sheltered place in which to change.

The usually conservative association board has appropriated \$100 of subdivision money to help defray the cost of the children's Christmas party. The Women's auxiliary also will contribute \$100 for the event.

The Lake Villa police and fire departments have asked the association if it would look into possibility of changing the names of a few of the streets in the subdivision which are the same as those in other subdivisions.

This is because confusion is caused when they have to answer calls and only the street is given. There are four subdivisions with the same street name.

Charles LaRocke, with the aid of about 20 volunteers, built an ice skating rink, a belly-top slide, and a sled slide in unit 3 for the benefit of youngsters of the subdivision.

The lakes will be plowed off after heavy snowfalls by a local businessman. When only a light snow falls,

skaters will have to do the job themselves. This includes both beach districts.

A \$25 petty cash fund was voted to the president so that he will not have to contact the board every time he wants to spend some subdivision's money.

He will, of course, be held accountable for this money at the following meeting.

Julie Chonis, association secretary, is going to contact Mr. Morris of the regional zoning board to see if he will speak before the association about planning and zoning.

It is of utmost importance to the people of the subdivision to come and hear what Morris has got to say as zoning and planning directly influence all home owners in the area.

It is hoped that if Morris is available, people from neighboring subdivisions will attend.

## Special Service Set at Millburn

MILLBURN—Regular services will be held at Millburn Congregational church Sunday morning, Nov. 22, church and Sunday school at 10 a. m.

The Devotional Study group met Thursday morning, Nov. 12 at the home of Miss Evelyn Wright with twenty present. The next meeting will be held Thursday, Dec. 10, at the home of Mrs. Verlon Groves.

George Butler returned home Sunday after being a patient for several days at Condell Memorial hospital at Libertyville.

Mr. and Mrs. Ellis Gott of Waukegan spent several days the past week at the home of their daughter, Mrs. Lyman Bonner.

Mrs. Herbert Prange and daughter, Sharon, spent Monday afternoon at the Austin Anderson home in Kenosha.

The Millburn Masonic annual turkey dinner will be held at the Masonic temple Saturday evening, Nov. 21. The dinner will be served family style from 5 until 7:30 p. m.

Mrs. Thomas Welch of Gurnee was a caller at the home of Mrs. Charles Lucas Tuesday afternoon.

Raymond Karr from Tennessee spent several days at the Royal Karr home.

## School Board Eyes Future Building Job

Further discussion of the question of "what to do" about the Antioch Township high school building program was to be on top of the agenda when the high school board of education met this week Wednesday evening.

Lake county school superintendent W. C. Petty was scheduled to give his views on the matter and probably to make suggestions.

The monthly session also was to hear a report from the auditor for the school district, Norman Jedele, who was unable to attend the October meeting. He is expected to make some recommendations also.

In the view of some observers, the high school board has two courses open to it following two defeats of a proposal that a new building be erected on land to be purchased at the Loon Lake-Deep Lake road intersection.

One is to add on to the present structure and to build another high school in the Lake Villa-Lindenhurst area, or to add on to the existing building to take care of the full 1,800 expected pupils in the next few years.

Should a building be constructed in the Lake Villa-Lindenhurst area then the question would be should it be part of the existing high school district or should a new high school district be formed.

One feeling has been that a move should be started soon by the high school board toward one program or another so the school district will be in a position to handle the big influx of pupils expected within a year or two.

## Boy, 12, Is Injured

A 12-year-old Antioch boy, William Portalski, was treated for cuts and bruises Saturday afternoon after a sled he was riding down a hill and a car operated by Elmer Rudolph of rural Antioch collided.

## Library Adds More Books

Gladys Taber and Ruth Kistner proceeded from basic ideas of color harmony and conventional containers for the amateur to unusual materials and special arrangements for holidays, in "Flower arranging for the American Home".

One chapter deals entirely with the flower show. Instructions on the preparation of corsages and table decorations are also included.

"Designs for Living", by Katherine Ford and Thomas H. Creighton, is a collection of photographs and drawings of well-planned rooms designed to give the utmost in beauty and livability.

Every room in the house, as well as halls, stairways and outdoor living space is pictured and discussed.

"The Story of Philosophy", by Will Durant, is a perennial favorite. The important philosophers Plato, Spinoza, Voltaire, and others, are each given a chapter.

The final two chapters are devoted to contemporary European and American philosophers.

Meindert De Jong turned to the Bible for the material for his latest book for young people. "The Mighty Ones" is the story of great men and women of Bible days: Noah, Abraham, Sarah, David, and Joseph of the coat of many colors.

Mrs. Theodore Roosevelt, Jr., provides a brilliant historical portrait of early twentieth-century America in her autobiography, "Day Before Yesterday".

Her husband, President Theodore Roosevelt's eldest son, had an active and varied career and she was at his side until World War II interrupted their life together.

All of the above books were presented to the library by the Antioch Chapter of the Women of the Moose in celebration of book week.

Nielsen's Restaurant three games.

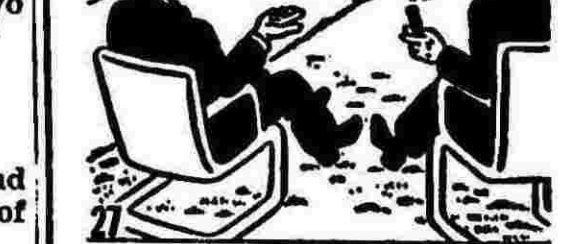

Kelly's Tavern beat Ted's Radio & TV Repair all three games.

A horn on your tractor can be a

**TWINS VOLUNTEER.** These twin sisters, Cheryl Marie and Carol Ann Jerousek, age 2 1/2 years, called attention to the twin good accomplished when Antioch residents send a "Little Christmas Town" Advent calendar for the Illinois Epilepsy League. Each Advent calendar makes two children happy, the one who receives it, and the one helped by its sale.

Old Sayings; Do They Apply Now  
As Well As They Did Years Ago?

By Mrs. Pearl Kapell

Generalizations irk me.  
Have you ever considered their  
complete fallacy when applied to  
various situations?

Take, for example, many of the  
wise old sayings, coined by someone  
in some particular moment, where  
they fitted, and accepted as gospel  
truth by numerous people ever  
since.

"A soft answer turneth away  
wrath."

There is nothing which will help  
to enrage the average person more  
than to be spoiling for a fight and  
come up against someone who, in  
reply to your bellows of rage, gave  
you a sweet, reasonable answer.

This immediately puts you in the  
unenviable position of being an un-  
reasonable, childish person, pick-  
ing on someone who is sweet, rea-  
sonable and noble, and bears your  
rage meekly.

You may have to shut up, but it  
certainly won't quell your wrath.

"A penny saved is a penny  
earned."

Isn't it, just! You'll never get  
far saving pennies, but you'll sure  
earn them.

We all know people who go  
around turning off lights, rationing  
water and saving soap to earn pen-  
nies. I've never seen any of them  
get rich doing it.

In the meantime, some smart pro-  
moter borrows \$5,000,000, lives high,  
never saves a dime, builds up a  
huge company on borrowed money,  
and has every little thing his heart  
desires.

He may die broke, or he may die  
a millionaire—what difference does  
it make? He's had everything he  
wanted all his life, and never wor-  
ried about saving pennies, dimes or  
dollars.

"Love makes the world go  
round."

I don't know about the world—I  
never can understand scientific  
things like this—but it does, I'll  
grant you, make a lot of other things  
go round.

Like germs of mononucleosis, flu  
and colds. So I suppose there must  
be some truth in this one.

"Music hath charms to soothe the  
savage breast."

Whoever said this didn't have a  
hi-fi in his home. Get any five peo-  
ple together in a house with a hi-fi  
set, and you will have five different  
opinions on what constitutes music.

And five opinions on how loud  
music should be played.

If you've ever listened to the roar  
of a parent who walks in on a teen-  
ager, playing his idea of music at a  
volume that shakes the house to its  
foundations, you'll have to admit  
there's something wrong with this  
wise old saying.

And have you heard the groans  
of anguish, seen the pitiful, agony-  
twisted face of an addict of classical  
music, forced to listen to jazz?

Or vice-versa?

"A rolling stone gathers no moss."  
Sounds pretty dull to me, sitting  
and gathering moss. Who needs it?

Did any one every get rich and  
famous—or even have fun—because  
he gathered a lot of moss?

It would be too bad if Christopher  
Columbus had adhered to this pol-  
icy—though perhaps the American  
Indians and the Russians would be  
happier.

"Many hands make light work."  
I think we all misunderstand this  
one.

If you ever tried painting a wall,  
or scrubbing a floor, with a couple  
of small children helping you, you  
would begin to suspect there was  
something wrong with helping  
hands.

I think the guy that said this  
really meant we should each have  
more than two hands. I'm sure  
most of us have often wished  
for this happy state of affairs.

Like when you're holding a ladder  
for someone, and a fly settles on  
your nose.

"Never put off till tomorrow what  
can be done today."

I have found that putting things  
off very often saves me the trouble  
of doing them at all.

For example, I never sew buttons  
on. I keep putting it off, and the

clothes wear out, and I never have  
to do it.

I put off dusting, scrubbing, etc.,  
just as long as I can. This way I  
get all the accumulated dust and  
dirt all at once, saving me hours of  
work.

I put off spanking my kids, and  
they grew up and got too big to  
spank.

"Silence is golden."

The only time this is really true  
is when you're called on to testify  
against yourself in court or before  
a senate investigating committee.

Elvis Presley didn't make all that  
money by keeping quiet.

Suppose Abe Lincoln had adhered  
to this policy—think of the gener-  
ations of school children who would  
not have had the opportunity to  
learn, "Four score and seven years  
ago—"

What if George Washington had  
just given his father a stupid stare  
when asked who cut down the cher-  
ry tree? What would historians  
have to write about?

"Honesty is the best policy."

This one, definitely, must be  
taken with a grain of salt. Better  
to tangle with a bear with a sore  
paw than to face a new mother and  
tell her her baby is an ugly little  
red-faced thing.

The better liar you are, the more  
friends you'll have.

In fact, in this respect, it's best  
to lie to yourself, too.

If you keep telling yourself what  
lovely, handsome people all your  
friends are, you'll get so you be-  
lieve it and lie with deep sincerity  
—and that's the very best kind of  
lie.

Cancer Dressing  
Material Needed

Used material which can be made  
into cancer dressings is still sorely  
needed by the dressings units of  
the American Cancer society.

Old sheets, pillow cases, table-  
cloths, white or colored, can be  
made into dressings which will be  
given free of charge on request to  
any cancer patient, either at home  
or hospitalized.

Call Mrs. Mike Robinson, MA.  
3-3907, or Mrs. Charles Patterson,  
ON. 2-4468, if the material should be  
called for.

There will be a showing of cancer  
educational films on Thursday,  
Nov. 19, at 7:30 p.m., at the offices  
of the Lake County chapter of the  
American Cancer society, 228 N.  
Genesee street, Waukegan.

Four films will be shown: "Man  
Alive," a cartoon film, "The Other  
City," "Time and Two Women," and  
"Breast Self-Examination."

Members of the educational and  
the service committees of the Lake  
county chapter plus any other in-  
terested persons are invited to at-  
tend.

Antioch, Lake Villa  
People in Accidents

Antioch and Lake Villa people  
were involved in accidents late last  
week in the Waukegan area.

Autos being operated by Judith  
A. Smith of route 4, box 185, Anti-  
och, and Patricia Smejkal of route 1,  
box 86, Lake Villa, were involved  
in a collision on route 132 near Grub  
Hill road.

Deputy Sheriff Robert Gregory of  
Lake county was injured while he  
stood at the scene of the accident.

Deputies said a car being driven  
by Mrs. Charlotte C. Ames of box  
47, Lake Villa, struck deputy sher-  
iff Gregory. She was charged with  
reckless driving and failure to stop  
for a red flashing signal.

Miss Smejkal was charged with  
failure to have her car under con-  
trol. She received cuts and bruises  
in the mishap.

Diane Robis of route 1, box 660A  
Antioch, was among those injured in  
a two car accident the same day  
at Wadsworth and Delany roads

## Lindenhurst Hearing Set For Nov. 24

LINDERHURST—A public hearing on the proposed rezoning of the Lucas property in Lindenhurst for use as a service station will be held at 8 p.m. Tuesday, Nov. 24, at the village hall.

The village planning commission has been granted permission to plan an area to the north of the village with about 500 acres in the section in the direction of the Loon Lake-Millburn road believed available.

Craig Henderson has resigned as village trustee and Mrs. Henderson as secretary of the planning group because the family will be moving out of town. Both resignations will become effective Dec. 1.

Paul Hunt of the buildings and grounds committee will succeed Henderson on the finance committee. Mrs. Georgiana Mathies of the sewer and water committee will be Hunt's successor on the buildings-grounds group.

Culverts of 18 inches in diameter and 12 feet in length covered by cement or black top at the level of the road area required at entrances to all properties, according to an ordinance passed recently.

Parking on village streets is prohibited when there is an inch or more of snow on the ground, residents were reminded. This is so that snow plows may operate more easily.

## Scouts Play Sun.; Lose Opener

Antioch's Scouts semi-pro basketball team this week looked forward to its Land O' Lakes league clash with once-defeated Grayslake this coming Sunday afternoon after losing a close game to Richmond last Sunday.

The Scouts are scheduled to play the final game of the afternoon triple bill with their tilt to start about 4:20. Other games will see Fox Lake vs. Wauconda at 1:30 and Round Lake vs. Richmond at 2:55.

The three games will be played at the Grant high school gym.

Manager Tom Poulos commenting on the Scouts contest against Richmond last Sunday in which Antioch lost a thriller 72-65, said the free throw department proved the big margin for the winners.

The victors made 12 out of 15 while the Scouts tallied 7 out of 18.

Antioch's team had trouble holding onto the ball off the boards and taking advantage of opportunities. The ball was lost many times before the shoe could be taken, Poulos said.

**HE SAID** he isn't worried yet. Last season the Scouts had the same difficulty getting started, but ended up with a strong ball club. It is almost the same team this season as last.

The Zephyrs of Richmond had to rally in the second half to pull out a victory over Antioch. The Scouts were on the long end of the scoring count at the half 33-33.

Rebounding work of Bill Baird and sharpshooting of Jack Pregenzer and Al Reckers helped no little in putting the Scouts in the first half lead.

Last Wednesday evening the Scouts in a pre-season tilt lost to St. Mary's of Waukegan by an 83-73 tally on the Antioch Township high floor.

This was a closely fought game with four minutes to play the Scouts being behind in the score by only four points, but they could not muster the extra drive to get back in the game.

**BAIRD, RECKERS** and LeRoy Gallagher scored 23, 22 and 18 points respectively for the Scouts against St. Mary's.

John Boyle and the Sekulich brothers poured in 71 of the 83 points made by the Waukegan team.

Scoring for the Scouts against Richmond were Reckers with 16, Pregenzer 20, Brownlee 9, Baird 11, Gallagher 9. Also playing were Behrens and Parker.

Grayslake top scorers in its game last Sunday with Wauconda were Smith with 11, Galvin 18, McRoy 10, Peregrin 9, Dowell 8 and Callahan 7.

## Conditioning, Fundamentals Are Stressed

Preparations for the Antioch Township high school entry in the 1959-60 season were in full swing this week as coach Larry Leon worked out a squad of about 20 boys for varsity berths.

Much of the time was being taken up with conditioning of one kind or another, but still fundamentals of dribbling, passing, shooting, defense, fast breaks, free throws and the like also came in for "work-outs."

Leon said he planned to carry a varsity squad of 12 to 15 players this season which opens Saturday, Nov. 28, against Mooseheart here.

Four lettermen plus another youth who was ineligible for some of the cage season and thus missed making his "A" in basketball, are back.

Bob Martin at 6 foot 3 inches is the tallest of the lettermen returning.

Others wearing their basketball "A" are Dick Wolf at 5 ft. 11 in.; Jerry Dahlman, 6 ft. 1 in. and Dick Gudgeon, 5 ft. 7 in. All were starters for the Sequoits last season.

Don Pyles, another tall youth, was the one who missed his letter in basketball last season because of ineligibility. He also played on the varsity for part of his sophomore year.

All three of the lettermen are seniors this year.

The only top player lost from graduation last June was Paul Magiera and the only other player from last season lost was Jim Portalski.

Other seniors out this season are Dave Hunsaker, a transfer from Texas, who stands 5 ft. 8 in.; Joe LoRusso, 5-5; Rich Prange, 6-1/2, and Dan Elechek, 5-9. The latter is a transfer from Morton high of Cicero.

Junior classmen out for varsity positions are Les Herbst, 5-11; Ed Martin, 6-2; Brian Elliott, 6-1/2; Dudley Sheehan, 5-10; Brian Palenske, 5-8; Bill Bonner, 5-9; Jerry MacArthur, 5-3 1/2 and Lance Keisler, 5-9.

## Wilmot Rally Tops Bronco Quint 43-36

By Henry Green, Editor

WILMOT, Wis.—Wilmot high's basketball team under a new coach, Dale Schroeder, rallied in the second half Tuesday evening to down Union Grove in a non-conference game 43-36 on the Wilmot floor.

The Panthers saw the game all tied up at 8-8 in the first quarter, and they were behind the Broncos by one point at 19-18 at the half.

But Wilmot started to find the range toward the end of the third stanza and managed to bottle up the visitors' attack with more ease so the Panthers were on the long end of a 28-27 count as the third quarter buzzer sounded.

Scoring among the Wilmot players was fairly evenly divided among all seven who saw action, while three players for Union Grove made 33 of the 36 points the Broncos scored.

Jim Wilks of the Broncos was throttled by the Panthers in the second half after making 9 of his 11 points in the first two quarters. By the same token Lou Holland scored 6 of his 11 points in the opening half.

Glenn Rasch and Glenn Bush with 7 points each in the game paced Wilmot, followed by Gary Held, Dennis Teffer, Jim Harmon and Jim Ratckek, each with 6, and Norm Robers who tallied 5.

Bill Beck, Holland and Wilks scored 11 for Union Grove, and the other three points were contributed by John Calewert.
